

U-Games Nordic Skiing

Swiss University Championship 2017

Classic technic – Les Rasses, 5th March 2017

Skating technic – Les Mosses, 1st-2nd April 2017

Welcome to the Swiss University Championships / U-Games Crosse-Country Skiing 2017

In the name of the Swiss Academic Ski-Club, we are proud to receive mandate from the Swiss University Sport Federation to organize the Swiss University Championships year after year.

The Championship will be organized in two different races, one in classic technic and one in skating technic. This year, we have the opportunity and honor to collaborate with two renowned events in the little world of swiss cross country skiing.

The first one being the traditional Mara, a marathon in classic technic with in background the mystic forests and smooth hills of Jura. This winter, the race celebrates its 40th anniversary.

We will then move to the Alps for the second part of our championship. In collaboration with the Ski-24, skiers will have the opportunity to race for the last time of the winter in a unique and relaxing ambient, day and night!

We wish the best to all participants of the U-Games 2017.

Sandro Jelmini
President of the Central Committee

Dominique Schwab
Responsible Nordic activities CC

Program (Subject to change)

More Information

Accommodation, Entry fees and general information of the Organizers: www.ski-mara.ch

Skating – Saturday 1st and Sunday 2nd April 2017

Where ? Centre nordique des Mosses, Les Mosses

What&When ? This year the U-Games nordic are organised in partnership with the unique skiing&festive event named Ski-24. Teams are from 1 to 10 people. In order to participate to SUC this is compulsory to take part into the ski-24. The Ski-24 takes place from Saturday 12.00 till Sunday 12.00.

For Technical reasons, maximum 8 racers per team can be eligible for SUC (8 chips per team). The concept is original and new. This will be a kind of « race into the race ». From 14.00-17.00 each laps of approximately 4km will be timed for U-Gamers. The ranking list will be based on the best personal laps. Every U-Gamer can try to take his/her chance as many laps he wishes. The concept can be compared to the Formula 1 qualifications. More details will follow on ski-24.ch

Registration : www.ski-24.ch, until 21st March. For those who don't have a team, please contact nordic@sas-ski.ch before 21st March and a special team will be created.

Categories : Men and Women

The U-Games / SUC nordics are open to all students. No need for a FIS license*
